Fin's profiled aluminium pilasters make a strong architectural statement, guaranteed to bring a sense of quality to any washroom.

This highly adaptable inline system accommodates almost every possible configuration with style including floor to ceiling installations, inward and outward openings plus selectable performance for wet or dry applications.

Fin complements a range of finishes making it a popular choice for all types of public applications. While full of features, Fin's simple design principle has been engineered as a mid price range option making it a realistic specification for a wide range of projects.
