Emergency release indicator

Fin's profiled aluminium pilasters make a strong architectural statement, guaranteed to bring a sense of quality to any washroom.

This highly adaptable inline system accommodates almost every possible configuration with style including floor to ceiling installations, inward and outward openings plus selectable performance for wet or dry applications. Fin complements a range of finishes making it a popular choice for all types of public applications. While full of features, Fin's simple design principle has been engineered as a mid price range option making it a realistic specification for a wide range of projects.

Cubicle Height

The Petal sales team and technical advisors are available to offer helpful advice at every stage of your project. To help you plan and discuss your project with us we have illustrated some typical cubicle layouts with details on components and sizing. You can download these drawings from our website www.petal.co.uk
