Built for all day service in the most demanding pool and sports and changing applications. Action is a fully framed self supporting system which will perform in linear and island configurations while withstanding the extremes of use and atmosphere experienced in education and sports facilities.

The fully integrated frame and headrail system with co-ordinated cappings and fittings have been designed with all installation practicalities and user comfort in mind.

The Action range is ideal for all high traffic areas including public, educational and sports club facilities. Petal also offers lockers for use in changing facilities. Action is a fully versatile system with possible uses as changing, showering or WC cubicles. The fully framed structure will accommodate all the applications found in a modern sports facility including walk through cubicles and family changing layouts.

Action's CGL panels are more than capable of withstanding the constant wet environments and daily cleaning schedule
