Inline inward and outward openings
Enlarged and ambulant
Emergency release indicator

Flush fronted with clean and minimalist styling, Line Plus is finely detailed with rebated doors, hardwood lips and set back pilaster feet that accentuate the system's unbroken smooth appearance.

Full of features normally associated only with premium priced cubicles, Line Plus offers modern washrooms all this and more as a mid price range option. A wide choice of panel options including rich real wood veneers add to the sense of quality and widen the possible usage of the system which features outward openings.

With heights of up to 2.4m available, Line Plus can achieve the appearance of a full height system in many applications, with only a headrail and a 50mm floor clearance differentiating the cubicles from the Line Ultra system in lower height settings.
